

Parenting Education Grant Awards

In May 2016, 24 grants totaling \$1,430,000 were awarded through the Oregon Parenting Education Collaborative. The Parenting Education Collaborative is a partnership with The Ford Family Foundation, Oregon State University, the Meyer Memorial Trust, The Collins Foundation, several OCF Donor Advised Funds and contributors to the Ready to Learn Pooled Fund.

Hub Grants

Regional parenting education Hubs work with community partners to deliver high quality parenting education services while building stronger and more coordinated parenting education systems in their regions. Hub organizations are building their region's parenting education infrastructure and expanding offerings of best practice parenting education programs for parents of children prenatal to age 6.

Parenting Education Hubs, 2016-17

Programming Grants

The OPEC Programming Grants program supports expansion of access to best practice parenting education programs in regions of Oregon not yet served by a parenting education Hub, or development and expansion of partnerships between providers of parenting education and the health care community, including testing of models for delivery of programs through such partnerships.

Building Healthy Families (Enterprise)

To address three current needs/gaps in services through collaboration and expansion of services by providing parenting education opportunities to high-risk families not connected to services, families not receiving adequate resources for school readiness and universal families.

Family Resource Center of Central Oregon (Bend)

To expand partnerships with the health care community in the tri-county region of Central Oregon and to extend parenting education services, particularly for the underserved Latino families in Crook and Deschutes counties.

Linn-Benton Community College (Albany)

To address gaps in services by providing universal parent-child parenting education classes for rural families with babies.

Self Enhancement, Inc. (Portland)

To provide a 20-week parenting class using trauma-informed best practices curriculum designed to provide participants with the skills needed for effective parenting.

Southern Oregon Child and Family Council, Inc. (Central Point)

For programming expansion in collaboration with all Jackson and Josephine counties' coordinated care organizations to provide evidence-based parenting education to underserved parent populations.

Southwestern Oregon Community College (Coos Bay)

To establish a strong partnership with the Pathways to Positive Parenting Hub and local coordinated care organizations (AllCare and Western Oregon Advanced Health), to develop a well-established connection between parenting education and health providers' environments and patients.

The Black Parent Initiative (Portland)

To provide culturally-specific parenting education to promote healthy birth and family outcomes for Black families, using *Parents as Teachers* as the curriculum.

Virginia Garcia Memorial Health Center (Cornelius)

To support expansion of the parenting education program, *Padres con Iniciativa*, offering evidence-based services that promote strong families and healthy early child development and reduces risk factors for child neglect and abuse for at-risk Latina parents and their families.

Youth Contact (Hillsboro)

To provide five *Nurturing Parenting* programs, including two long-term series, one mid-range option and two single-session workshops, with an emphasis on reaching parents and caregivers who have children with special needs and/or other health concerns.
